Some Florida public universities offering this major: [FAU](#) [FAMU](#) [FIU](#) [UF](#) [UWF](#) *for a more extensive list of colleges and universities, go to www.petersons.com

Description of major:

Environmental scientists can find employment in a variety of fields from basic research to highly applied situations. Employers range from all levels of government and private industry to non-profit groups. Students may pursue employment in environmental planning and consulting companies and county, state and federal environmental agencies.

Regardless of your career choice, increase your marketability to employers through internships, related work experience, good grades, and involvement in college activities. Visit the Career Center at your campus to research this field. Talk to people employed in these occupations and meet with an Academic Advisor to develop an academic plan for this major.
