SEEK Scholarship award amounts have changed !

SEEK may not cover the full cost of attending a training event. Most training costs are set at or below the SEEK award levels, but some are not. If you plan to attend a training you will need to know how much the training costs and how much SEEK Scholarship is available to you to attend the training event. If SEEK does not cover the full cost of the training you will be responsible for any amount not covered by SEEK. Please log on to the Training Event calendar to verify that the event is listed and the amount of SEEK Scholarship available to attend the specific training, www.pbcregistry.org If you have questions, please call a Career Advisor at Palm Beach Community College, Institute of Excellence in Early Care and Education for more information: (561) 868-3662.
