Reason for Learning to Fly:

“I’ve been interest by flight since I was about 6 years old when my aunt purchased some flight time for me as a gift. Since then, I’ve been hooked. However, it wasn’t until High School that I considered flying for a career. I was always told that if you love your job, you won’t work a single day of your life, and that’s the reason I wanted to learn how to fly”
