

**Registration
Reminder:**

**Attention,
All Faculty!**

**Please
Help**

‘I’ and ‘L’ Grades will impact student registration.

These grades are treated like a failure. Students who are pre-registered for a course requiring successful completion in that prerequisite will be dropped! Note: If you know that a student will be receiving a ‘C’ or higher (but you’re issuing an ‘I’) let your Associate or Academic Dean know, and we will be sure the student is not dropped.

Prep students may lose their entire schedule.

Students enrolled in prep level 2 (or EAP level 3), who assume they will be successful, and do not register for a prep course in the following term, will be dropped from their entire schedule if they do not pass the prep class. Recall, students must register for a prep class every semester until all are finished.

Note: Both of these scenarios happen during an automatic “drop” program run immediately following grades. There is not enough time to inform students.
